The BELONG Project Website

2

BELONG (FootBall Employed to faciLitate the integratiOn of adolesceNt refuGees) is a European project aimed at fostering social integration of refugee adolescents in their communities through educational and sport activities. The project involves one football expert (Federazione Italiana Giuoco Calcio - FIGC), three NGOs including, Solidarietà Caritas Onlus Florence, Consorzio Gruppo CEIS Modena, Il Ponte Centro Di Solidarietà Civitavecchia as well as the University of Modena and Reggio Emilia (UNIMORE, Italy) as an academic partner. The project is also supported by UEFA.

As part of the communication and dissemination work included in the **BELONG** project, a professional website was developed to promote the project and provide accessible information about its objectives, activities, and results. The website serves as a central communication platform, presenting the project's key messages, partners, initiatives, and resources, while highlighting the importance of social inclusion and the role of sport as a powerful tool for fostering the integration and participation of refugees in society.

The BELONG project website is available at the following link:

<https://www.belongproject.eu/>

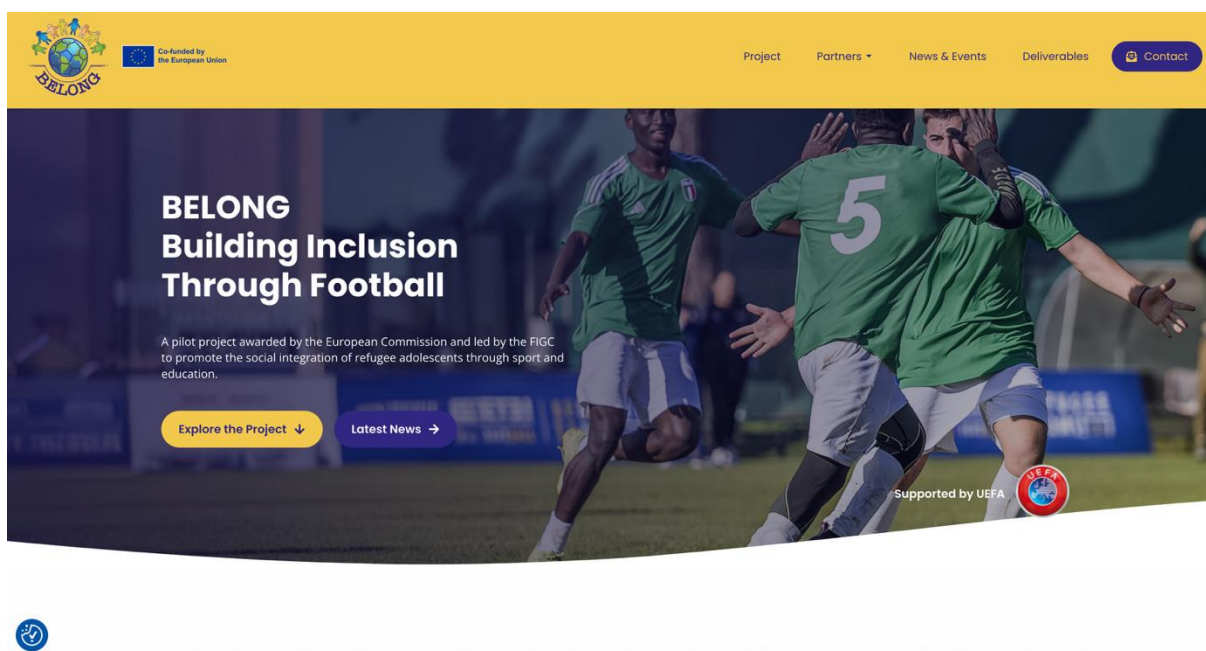

Structure of the Website

3

The website is structured into several dedicated sections, each serving a specific purpose.

Home

The “Home” page provides an immediate overview of the **BELONG** project and presents its main objectives and key messages. It offers visitors a concise introduction to the project and facilitates access to the main sections and most relevant content of the website.

Project: 101223409 - BELONG - PPPA-SPORT-2024-EMERGENCY-YOUTH

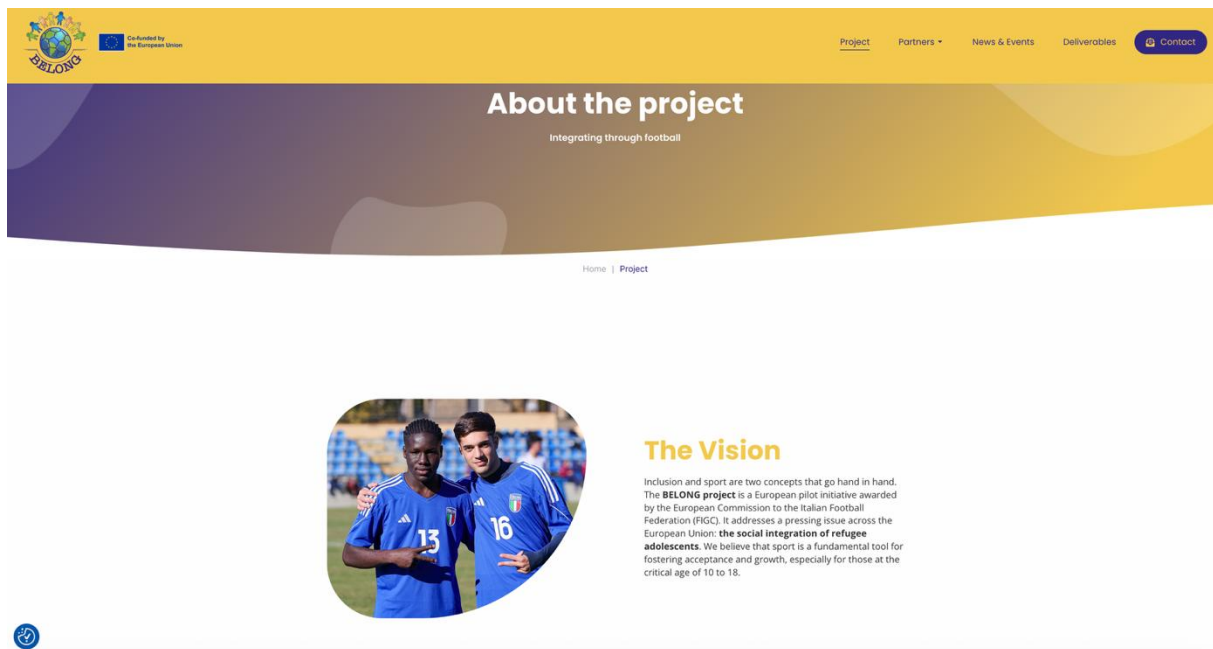

Project supported by

Project

The “Project” page provides an overview of the **BELONG** project, presenting its main vision, approach, and objectives. It introduces the project's focus on social inclusion through sport and describes the collaborative framework behind the initiative.

4

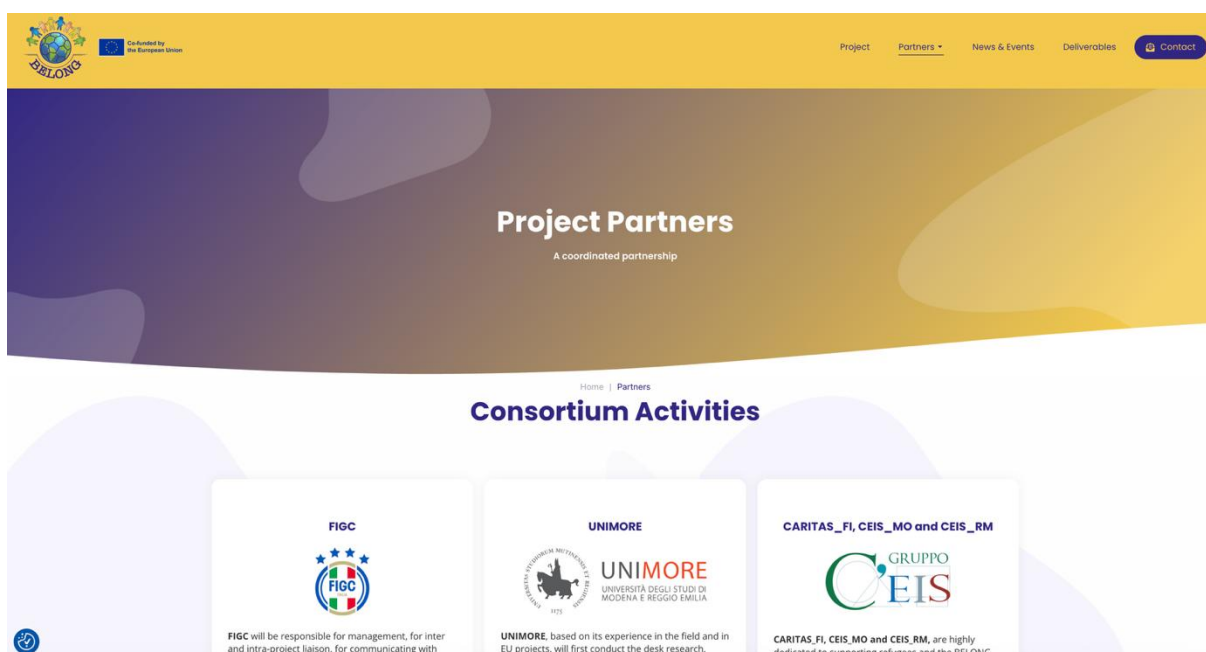

Partners

The “Partners” section presents the **BELONG** consortium. It provides an overview of the different partners, describing their roles, expertise, and contributions. The section also includes further information on the consortium members and the professionals involved in the implementation of **BELONG**, highlighting the complementary competences and collaborative approach of the partnership.

5

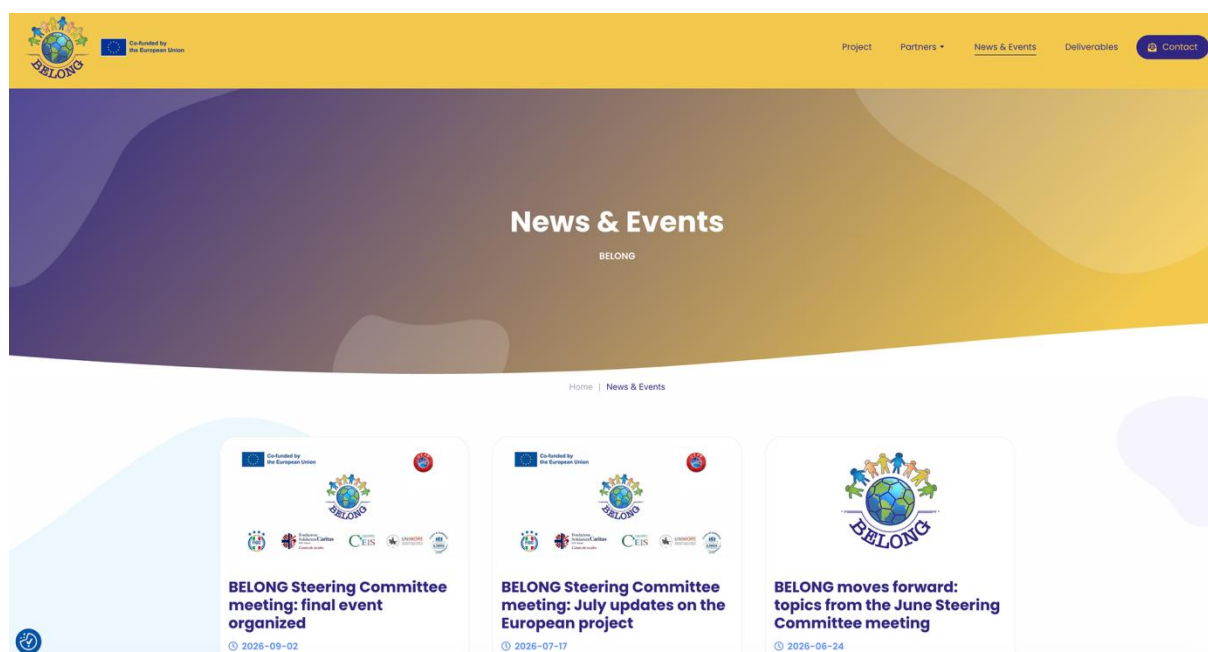

News and Events

The “News and Events” section keeps visitors updated on the latest developments and activities related to the **BELONG** project. It includes news, project updates, events, meetings and other relevant initiatives, supporting the continuous dissemination of project activities and achievements.

6

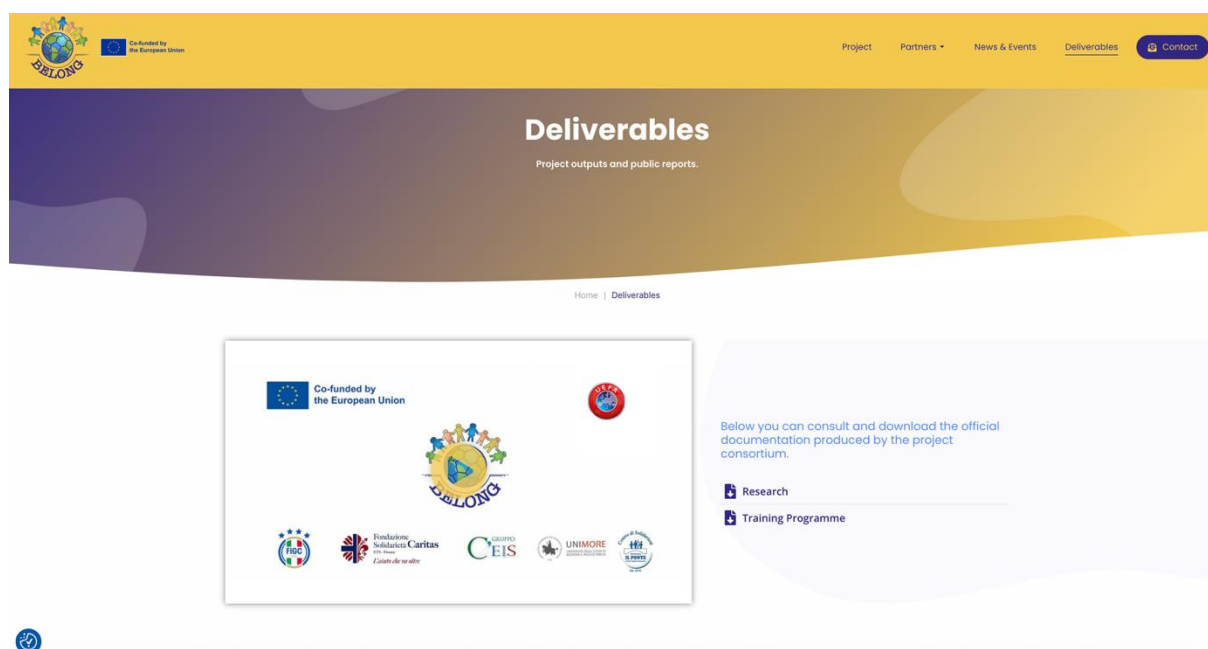

Deliverables

The “Deliverables” section provides access to the main public outputs produced throughout the project. It allows users to consult and download relevant reports and other materials developed by the project partners, ensuring transparency and facilitating the sharing and uptake of the project results.

7

Contacts

The “Contacts” section provides information on how to get in touch with the **BELONG** project team and partners to request further information, provide feedback, or learn more about the project's activities and opportunities for engagement.
